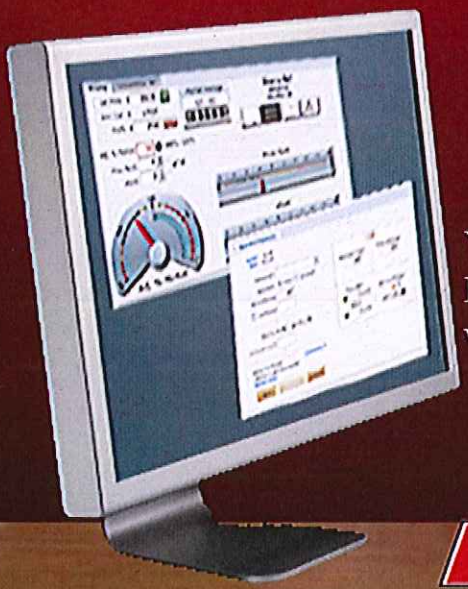
What is
Internet Value Pricing?

Simple

Live Market Pricing provides the most competitive prices on all our pre-owned vehicles, all the time.

Technology meets common sense.
Pre-owned Internet Value Pricing is achieved by polling over 20,000 per-owned websites every hour to ensure that every single customer receives real-time Value Pricing on every Pre-Owned vehicle we sell.

We don't play pricing games.
We do not artificially inflate our pre-owned prices in the hopes of winning a negotiating contest with our customers.



You'll save time and money.
For a complimentary "Live Market View" on any pre-owned vehicle in stock. Just ask your sales consultant.

CARFAX Well Maintained - Regular Oil Changes
CARFAX identifies a "Well Maintained - Regular Oil Change" vehicle as having a regular oil change history when all its recommended oil changes, based on the vehicle's maintenance schedule, have been reported to CARFAX. CARFAX uses the manufacturer's schedule and assumes normal driving conditions. When an oil change schedule is not available, CARFAX may analyze reported service events to determine what is typical for the same make and model vehicle. Dealers and service shops may publish different recommended service schedules.
