MAKE THE MOST OF IT IN THE NEW MKZ

GRAB THE ROAD BY THE LAPELS.

Sometimes you just need to show it who's boss. So pick your path, press the accelerator and take control. Plant yourself firmly in the driver's seat of MKZ with the Driver's Package¹ shown here. With its sport-tuned suspension and Dynamic Torque Vectoring² it can help you conquer curves and feel every second of exhilaration. You'll look the part, too. The package includes a painted upper grille, Ebony-painted brake calipers, and unique 19" wheels with painted pockets. It's time to go.

YOUR TIME IS PRECIOUS. SPEND IT WISELY.

It goes by quickly. Surround yourself with things that make your heart race, too. The new MKZ is a driver's car with the desire to excite, and the power to do it. Equipped with one of the most powerful engines Lincoln has ever produced – the all-new 3.0-litre GTDI¹ – MKZ puts 400 horsepower and 400 lb.-ft. of torque³ at your disposal, all made possible by twin-turbocharging, direct-injection technology. Underfoot, it's planted with the help of Dynamic Torque Vectoring^{1,2} and Intelligent all-wheel drive (AWD). This duo of technologies can send up to 100% of the available rear-axle torque to one outside rear wheel while cornering to deliver a smooth and seamless driving experience.

¹Available feature. Available Summer 2016. ²Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ³Horsepower and torque ratings achieved with 93-octane fuel.

WITH POWER COMES RESPONSIBILITY

HYBRID REWARDS AT NO EXTRA CHARGE.

When an opportunity presents itself, take action. Here's a worthy cause and an outstanding offer: MKZ Hybrid is available at the same starting price as its standard 2.0-litre sibling. With a fuel consumption rating of 5.7L/100 km city (50 mpg city),¹ the MKZ hybrid powertrain seamlessly switches between an Atkinson-cycle gasoline engine and an electric traction motor. It charges its lithium-ion battery while you drive, which means you don't need to plug it in. In fact, MKZ has the ability to travel at highway speeds in purely electric mode.

To help maximize efficiency, an advanced Regenerative Braking System can capture up to 94% of the brake energy that would normally be lost and repurpose it to power the vehicle. Plus, the SmartGauge™ instrument cluster with EcoGuide provides visual confirmation of your good driving habits.

2.0-LITRE GTDI SETS THE STANDARD.

Get the kind of performance you might expect from a V6, in a 4-cylinder engine. With 245 horsepower and 275 lb.-ft. of torque² on command, MKZ delivers, thanks to the boost of twin-scroll turbocharging; the precision and efficiency of direct fuel injection; and the sophistication of twin independent variable camshaft timing (Ti-VCT). The result is a strong performer with a fuel consumption rating of 8.4L/100 km hwy (34 mpg hwy).¹

Intelligent AWD helps MKZ perform at its best in all conditions. The fully automatic system constantly monitors and predicts traction, transferring power between the front and rear wheels as needed, typically before wheelslip can even occur. It's designed to effortlessly enhance handling and maximize traction. Plus, MKZ puts the control of a manual shift at your fingertips with its 6-speed SelectShift® automatic transmission. Just tap the steering wheel-mounted paddle shifters, and you can change gears if you choose.

Engine	2.0-Litre Atkinson-Cycle HEV	2.0-Litre GTDI	3.0-Litre GTDI ³
Transmission	eCVT	6-speed SelectShift auto	6-speed SelectShift auto
Horsepower / Lb.-Ft. of Torque	188 (combined) / 129	245 ² / 275 ²	400 ² / 400 ²
L/100 km city / hwy (mpg)	5.7 / 6.2 (50 / 46)	11.8 / 8.4 (24 / 34)	14.0 / 9.2 (20 / 31)
Fuel Consumption Ratings ¹			
Drive Type	FWD	AWD	AWD

¹Fuel consumption ratings based on Government of Canada approved test methods. Actual fuel consumption will vary for all ratings. ²Horsepower and torque ratings achieved with 93-octane fuel. ³Available feature. Available Summer 2016.

MAINTAIN YOUR POISE.

Road conditions change. MKZ adapts. You remain comfortably in control. That's the beauty of Lincoln Drive Control featuring Continuously Controlled Damping (CCD). You don't know what to expect, but it does. Using sophisticated sensors, it reads the road – and your driving input – 500 times per second. Then, it adjusts to help deliver a smooth ride and responsive handling.

Depending on your mood, feel free to select between 3 drive modes – Comfort, Normal or Sport. With any of them, Electric Power-Assisted Steering (EPAS) automatically adjusts to provide the kind of steering response and feedback that makes you confident behind the wheel.

ELEVATE YOUR ARRIVAL

Everything about the new MKZ is a step above, starting here. The redesigned grille makes a fresh styling statement with Lincoln mesh, flanked by clean, modern LED headlights¹ for both form and function. They brighten the design, and with low energy draw and high lumen output, they actually illuminate 10 times faster than conventional incandescents for the sense of instant on. For a wide-reaching view at low speeds, the adaptive feature automatically expands their low-beam light pattern to help enhance visibility of pedestrians and sidewalks.

MAKE YOUR STATEMENT.

Introducing the Driver's Package.^{1,2} Body-hugging Ebony leather-trimmed multicontour front seats sport high-contrast inserts, piping and stitching in bright Touring White. Carbon-fibre accents on the steering wheel, instrument panel and doors, plus aluminum-topped race-inspired pedals show that this MKZ has the soul of a sports car – and the finesse of a luxury sedan.

¹Available feature. ²Available Summer 2016.

REINVENT YOURSELF DAILY.

You get the chance every morning, and only *you* can do it. In designing MKZ, Lincoln artisans scrutinized everything, from the inside, out. They studied the look, feel and performance of many elements to create the beautiful environment you see here. Open, elegant and flowing. Refined in every way.

They designed new knobs and switches for the more frequently adjusted features. To give you a luxurious grip on your driving, they wrapped the steering wheel in Wollsdorf pure cowhide leather from Central Europe and the Alpine region. And to create the MKZ that you'll appreciate for years to come, you have a choice of interior finishes, including real wood, aluminum¹ or carbon-fibre¹ trim.

¹Available feature.

Revel in a
brilliantly immersive
listening experience,
exclusively from Lincoln.

Music has the power to invigorate and liberate. Or calm and soothe. It can enhance a moment. Stay with you. Or conjure up an old memory in an instant. The experts at Revel understand. They live for it.

That's why we worked hand-in-hand with them to develop our Revel and Revel Ultima audio systems,¹ which feature a level of precision and musical accuracy you won't just hear – you'll feel it. Specialized listening modes transport you into the "Audience" or right up "On Stage." Revel Waveguides seamlessly blend the output of tweeter and midrange speakers for a natural listening experience. QuantumLogic[®] Surround Sound technology and advanced cabin correction tuning provide outstanding, multi-dimensional sound to every seat.

Choose the Revel Ultima audio system¹ to add patented Clari-Fi™ music reconstruction technology. Clari-Fi enhances your experience with satellite radio, streaming services, MP3s and other digital sources by rebuilding audio details that were lost during digital compression. The result is clear, crisp, wide, dynamic sound.

REVEL^{®1}

| SYNC

Staying connected should be second nature. That's the thinking behind the design and high-speed performance of our SYNC® 3 enhanced voice-activated technology.¹ Audio, phone, navigation² and other features are concisely presented on the capacitive touchscreen. Steering wheel-mounted controls and simple voice commands let you place and answer calls, plus control music from your devices.

Seamless integration with Siri® Eyes Free brings the power of your paired iPhone® into your vehicle. The Navigation System² features easy destination entry and maps with pinch-to-zoom capability, plus it makes it simple to find a new restaurant and much more. With SYNC AppLink,TM you can use your voice to control select compatible mobile apps while driving, too.³ Automatic updates over Wi-Fi⁴ help keep the system running at its best.

THE DESIRE
TO CONNECT
IS HUMAN NATURE

((SiriusXM))

Whenever you roam, SiriusXM^{®5} lets you listen to your favourites all across Canada. Your 6-month prepaid subscription gets you the best in audio entertainment including 100% commercial-free music from every genre, world-class news, sports, comedy and entertainment. Plus listen anywhere online and on the SiriusXM app.⁵

HD Radio[®]
DIGITAL AM & FM

Get more of your favourite music with HD Radio[™] Technology^{2,6}. By broadcasting a digital signal over traditional radio frequencies, HD Radio Technology gives you up to 3 additional channels – per FM station – of new, local content. Plus, it can display on-screen information such as artist, song title, album name and more. And it delivers it all without the need for a subscription.

¹Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in motion. Not all features are compatible with all phones. Message and data rates may apply. SYNC 3 voice recognition and screens available in English, French and Spanish. ²Available feature. ³SYNC AppLink is compatible with select smartphone platforms and requires compatible apps to be installed and running on a capable smartphone while connected to SYNC. Commands may vary by phone and AppLink software. Message and data rates may apply. ⁴Optional Navigation System map updates cannot be received via Wi-Fi and require a separate update. Data rates may apply. ⁵SiriusXM subscriptions sold after 6-month prepaid period expires. Subscriptions are governed by SiriusXM Customer Agreement; see siriusxm.ca. Data rates may apply. ⁶HD Radio reception may not be available in all areas.

YOUR PERSONAL OASIS.

Settle in and relax. Open the fully retractable panoramic glass roof¹ to bask in the sun's cascading rays. With the largest opening among sedans,² you can invite them all in. Welcome every season with heated and cooled Bridge of Weir™ leather-trimmed front seats.¹ Select the new Climate Package¹ to enjoy a heated steering wheel, heated rear outboard seats and more. With a gentle rolling motion, the class-exclusive³ Active Motion®¹ front seats can help melt away stress and muscle fatigue in any climate.

On every journey in MKZ, you can enjoy peace and quiet, thanks to extensive engineering inside and out. Aerodynamic sideview mirrors help deflect wind noise, while features like multilayer door seals and sound-absorbing materials throughout its body help keep road noise at bay. Additionally, Active Noise Control sends precise sound waves through the audio system to cancel out sounds it detects, keeping your interior calm.

To provide this tranquil environment, the Lincoln Luxury Validation Centre meticulously inspects the materials, craftsmanship, fit and finish, and function of each MKZ that leaves our facility. Ensuring that it meets Lincoln standards in every way, before you see that it meets yours.

¹Available feature. ²Based on effective roof opening as measured by Webasto. ³Class is Luxury Midsize Sedans based on Lincoln segmentation.

IN A SENSITIVE WORLD OF CALM

DON'T BE CAUGHT OFF GUARD.

Some vehicles may be out of your line of sight, but they can be spotted by BLIS® (Blind Spot Information System) with cross-traffic alert.¹ If the system's radar sensors detect a vehicle in either blind spot while you're driving forward, the system can alert you with a light in the corresponding sideview mirror. While backing up, it can also detect a vehicle approaching from either side, then notify you with a warning light and an audible tone.

STAY CENTERED.

If you start to drift out of your lane, the Lane-Keeping System^{1,2} is there to help. Using a forward-facing camera to detect road lane markings, it can apply steering wheel torque and even alert you with steering wheel vibration to help direct you to return to your lane. If it detects that you've crossed the line or repeatedly drifted, it can prompt the Driver Alert System¹ to chime and display a coffee cup image to remind you that it's break time.

REDUCE CONFLICT.

Sometimes you can't see it coming. Unexpected brake lights. A sudden turn in front of you. Get help from our Pre-Collision Assist with Pedestrian Detection.¹ Using camera and radar technology, it can monitor your vehicle's proximity to other vehicles and pedestrians. If a potential collision is detected, it can alert you with visible and audible warnings and, if needed, precharge the brakes and increase brake sensitivity to help provide full responsiveness when you brake. If the system determines a collision is imminent, active braking may automatically apply full braking.³

STRESS LESS IN STOP-AND-GO.

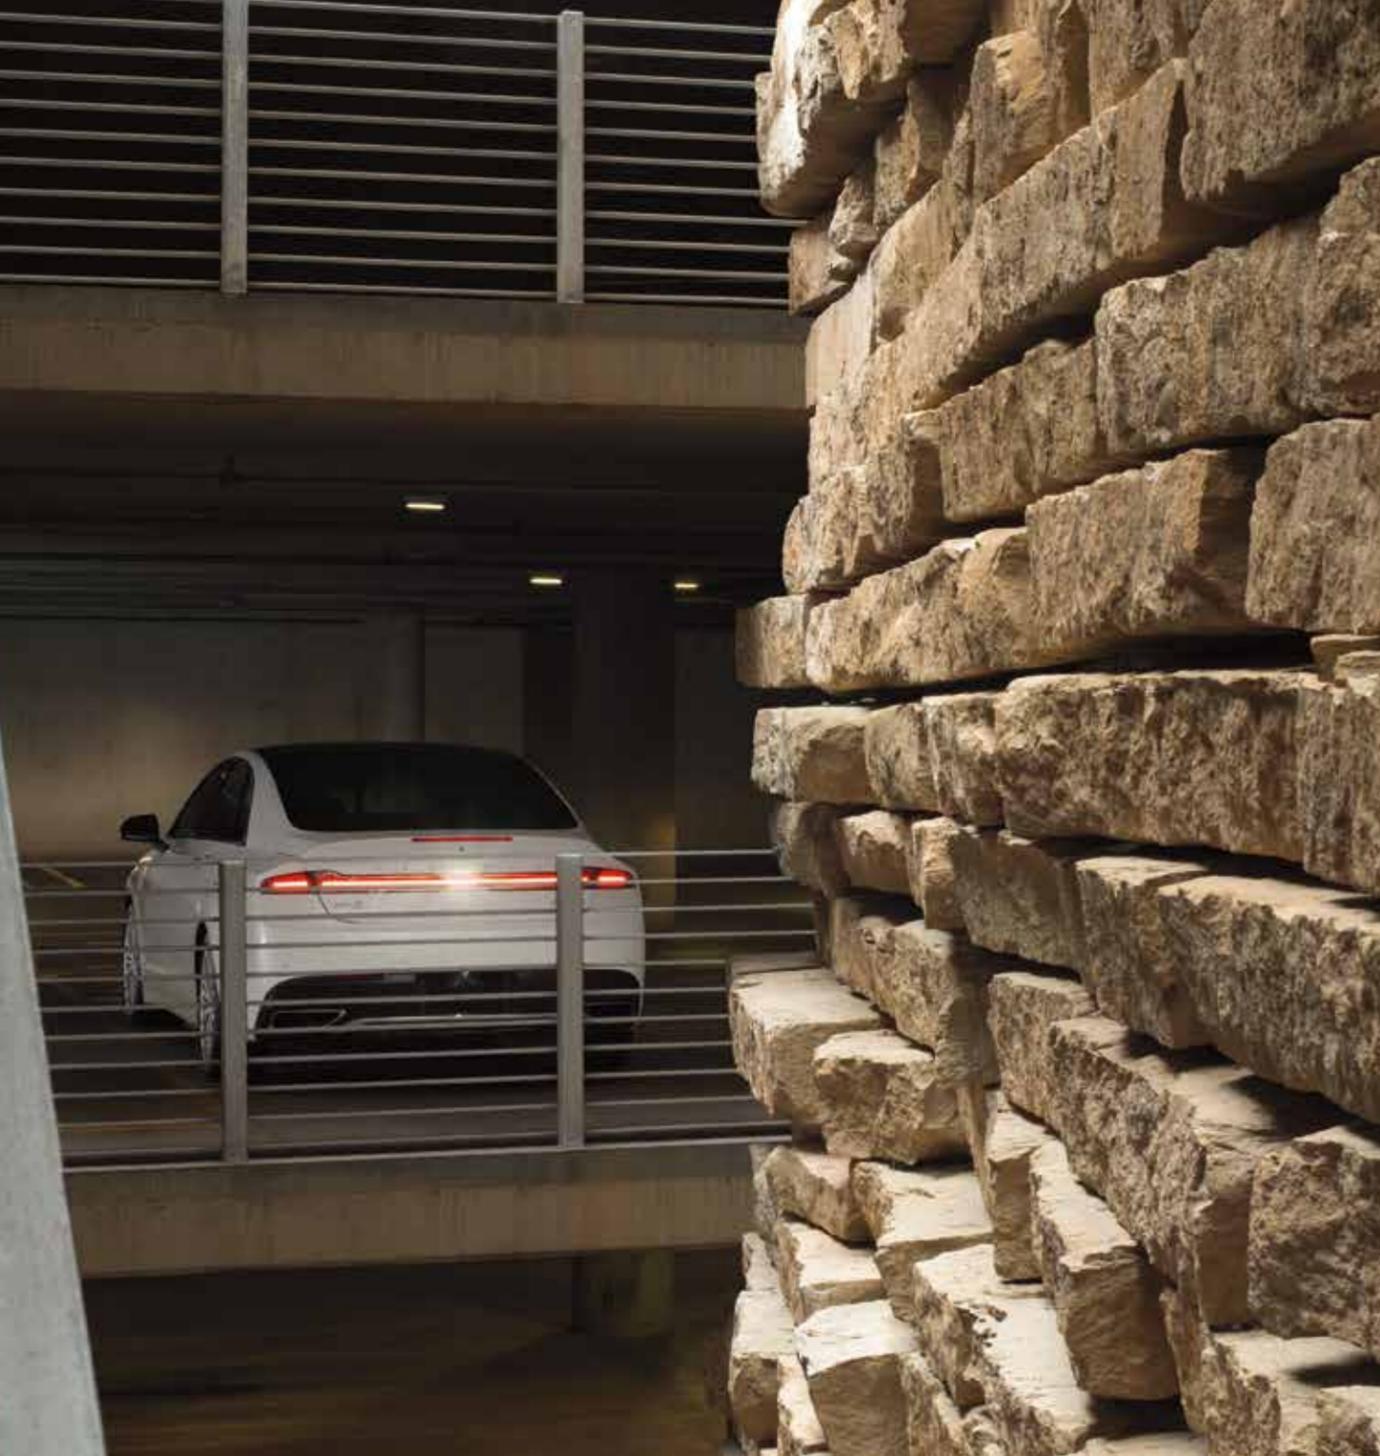

There's no need to hold down the brake pedal for a long stoplight or extended wait. Just activate the new Auto Hold feature, then come to a complete stop. Even on a hill, the system will hold your MKZ in place until you press the accelerator.

When highway cruising or in lower-speed traffic, Adaptive Cruise Control with Stop-and-Go¹ is designed to eliminate the need for constant adjustments. You simply set the speed, and the system can adjust to maintain a preset gap from the vehicle in front of you, even following it to a complete stop.

Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ¹Available feature.

PERPENDICULAR+PARALLEL

Wherever you need to park, MKZ can make it easier to manoeuvre into a spot. The Enhanced Active Park Assist System¹ uses ultrasonic sensors to help when you're looking for a perpendicular spot to back into or parallel parking. The system not only helps you find a suitable space, it steers the vehicle into it. All you do is follow on-screen prompts, and control the shifter, brake and accelerator pedals. It even provides assistance when pulling out of a parallel spot. And for additional guidance during parking manoeuvres, the Forward¹ and Reverse Sensing Systems can emit beeping tones to alert you to objects near the front or rear of your vehicle.

EACH GREETING IS LIKE
A WARM EMBRACE

When you're away, your MKZ patiently awaits your return, to welcome you, invite you in and even illuminate your path in the darkness.

As you approach, MKZ senses your key fob from about 3 metres away and slowly raises its exterior lighting. Then, it graciously casts a luminous welcome mat with the Lincoln logo upon the ground beneath each sideview mirror.

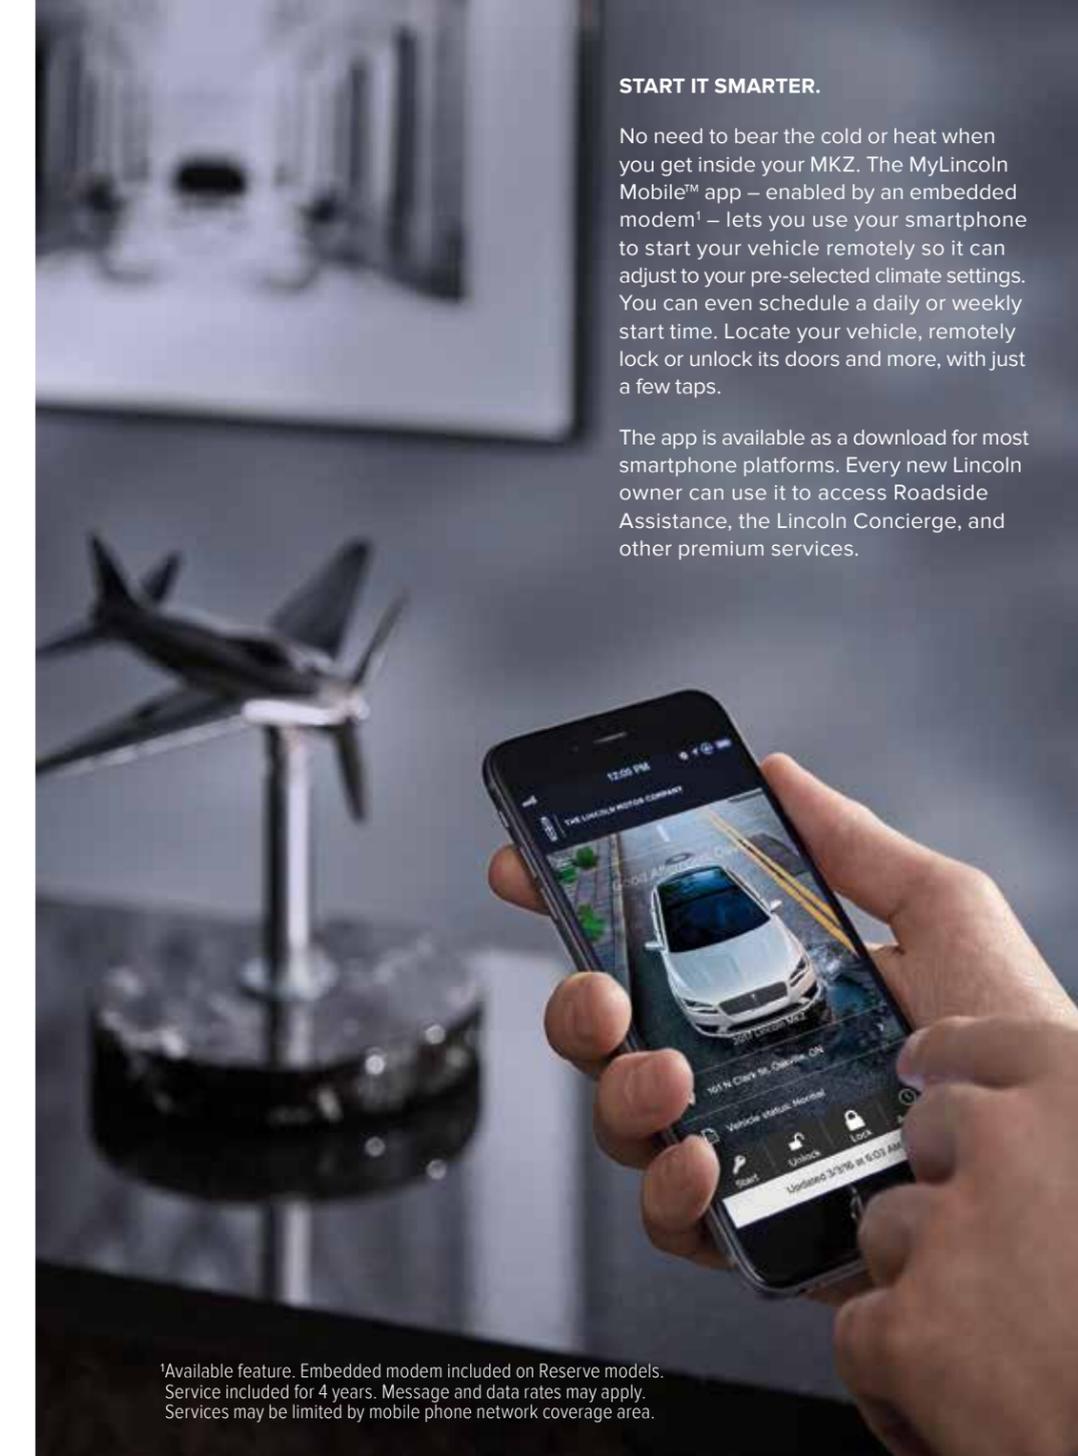

As you enter, LED lights in the door handle pockets gently glow. The intensity is fine-tuned to the exterior colour. Inside, the cabin also puts on a show of ambient lighting, until you press the engine start/stop button.

Once you close the door and relax into your seat, MKZ adjusts the autofold sideview mirrors with memory according to your personalized settings. It's been expecting you.

START IT SMARTER.

No need to bear the cold or heat when you get inside your MKZ. The MyLincoln Mobile™ app – enabled by an embedded modem¹ – lets you use your smartphone to start your vehicle remotely so it can adjust to your pre-selected climate settings. You can even schedule a daily or weekly start time. Locate your vehicle, remotely lock or unlock its doors and more, with just a few taps.

The app is available as a download for most smartphone platforms. Every new Lincoln owner can use it to access Roadside Assistance, the Lincoln Concierge, and other premium services.

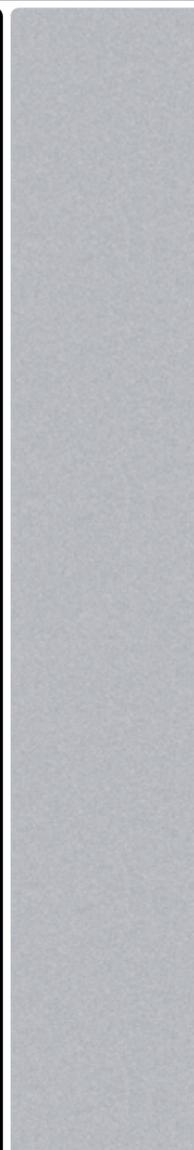

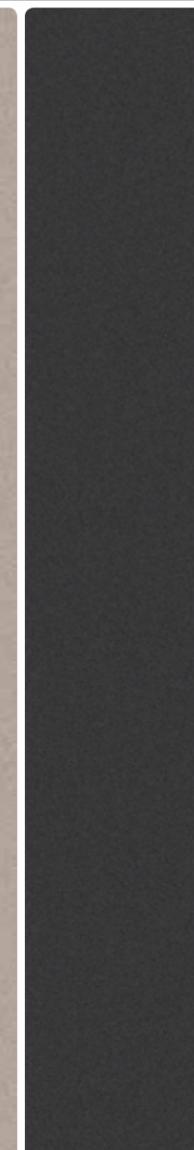

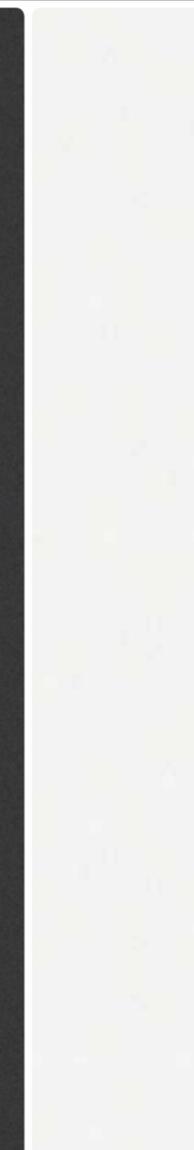

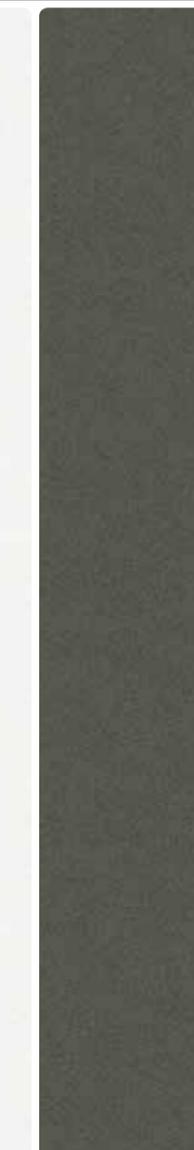

¹Available feature. Embedded modem included on Reserve models. Service included for 4 years. Message and data rates may apply. Services may be limited by mobile phone network coverage area.

DRIVER'S PACKAGE

EXCEEDING EXPECTATIONS

LINCOLN AUTOMOTIVE FINANCIAL SERVICES

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Lincoln Automotive Financial Services. Visit your local Lincoln Dealer, call the Customer Service Centre at 1.855.768.8909 or go to LincolnAFS.ca for details.

LINCOLN PROTECT PLANS

Help protect your investment and add to your peace of mind by complementing your Lincoln purchase or lease with a Lincoln Protect plan. Lincoln Protect offers you protection against unexpected repair costs after your Basic Coverage in the New Vehicle Limited Warranty expires by covering many vehicle components. Enjoy the drive even more by complementing your Lincoln Protect plan with a prepaid maintenance plan, which covers all required scheduled maintenance for your vehicle, plus six wear items. See your Dealer for details.

HYBRID/ELECTRIC UNIQUE COMPONENT COVERAGE

Your vehicle's unique hybrid/electric components are covered during the Hybrid/Electric Unique Component Coverage, which lasts for 8 years or 160,000 km, whichever occurs first. The following hybrid parts are covered during this extended coverage period: high-voltage battery, hybrid continuously variable transmission, Inverter System Controller (ISC), DT/DC converter, high-voltage battery connector, battery pack fan assembly, thermistor probe, Hybrid Battery Pack Sensor Module (HBPSM), Battery Energy Control Module (BECM), and PHEV onboard charger. See your Owner's Guide for important tips on how to maximize the life and capacity of the lithium-ion battery.

LINCOLN ORIGINAL ACCESSORIES COVERAGE

Lincoln Original Accessories that are properly installed by the authorized Dealer that sold the accessory will be warranted for whichever provides you the greatest benefit: 24 months/unlimited distance, or the remainder of your 4-year/80,000-km New Vehicle Limited Warranty. Lincoln Licensed Accessories (LLA) are warranted by the accessory manufacturer's warranty. LLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your local Lincoln Dealer for details and/or a copy of all limited warranties.

WE'RE HERE FOR YOU

It's the collective promise of everyone at Lincoln – from our trusted service advisors and expert technicians, to the voice on the other end of the line should you call – that we'll be here for you and your Lincoln wherever, whenever, if ever, you need us.

LINCOLN LIMITED WARRANTIES¹

Drive confidently – the Basic coverage of the New Vehicle Limited Warranty protects you for 4 years/80,000 km. The Powertrain Warranty, Safety Restraint System coverage and Corrosion coverage last even longer.

ROADSIDE ASSISTANCE FOR LIFE¹

Whether you're at home or out on the road, we're here for you with 24/7 nationwide assistance. If you lock yourself out of the vehicle, run out of fuel, or need a tow – just contact us through the MyLincoln Mobile™ app or give us a call at 1.800.387.9333. As the original owner, you can receive Roadside Assistance at no charge for as long as you own the vehicle.

COMPLIMENTARY CAR WASH²

After completing service on your Lincoln vehicle, we'll return it to you freshly washed – another shining example of our commitment to you.

LINCOLN CONCIERGE

As the owner of a Lincoln, you can take comfort in knowing we're always by your side. You can contact our caring agents at 1.888.658.6554. They're empowered to answer your owner benefit questions and help you with new vehicle features, as well as any other vehicle-related concerns.

COURTESY VEHICLE²

Should your Lincoln require service, you can count on us to be there for you with a courtesy vehicle.

MYLINCOLN MOBILE APP

Available as a download to your iPhone® or Android™ device, the MyLincoln Mobile app provides easy access to Roadside Assistance, your Lincoln Concierge and other premium Lincoln owner services.
