What is Internet Value Pricing?

Simple

Live Market Pricing provides the most competitive prices on all our pre-owned vehicles, all the time.

Technology meets common sense. Pre-owned Internet Value Pricing is achieved by polling over 20,000 per-owned websites every hour to ensure that every single customer receives real-time Value Pricing on every Pre-Owned vehicle we sell.

We don’t play pricing games. We do not artificially inflate our pre-owned prices in the hopes of winning a negotiating contest with our customers.

You’ll save time and money. For a complimentary “Live Market View” on any pre-owned vehicle in stock. Just ask your sales consultant.

This vehicle uses an indicator light to alert users when it's time to change the oil. Oil changes have been reported to CARFAX at least every 15,000 miles, which is in line with manufacturer guidelines. Track your service history for free at myCARFAX.com.

**Glossary**

**CARFAX Well Maintained - Regular Oil Changes**
CARFAX identifies a "Well Maintained - Regular Oil Change" vehicle as having a regular oil change history when all its recommended oil changes, based on the vehicle's maintenance schedule, have been reported to CARFAX. CARFAX uses the manufacturer's schedule and assumes normal driving conditions. When an oil change schedule is not available, CARFAX may analyze reported service events to determine what is typical for the same make and model vehicle. Dealers and service shops may publish different recommended service schedules.

**First Owner**
When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Ownership History
CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued
A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
