

Mercedes-Benz Corporate Sales

© 2018 Mercedes-Benz Canada Inc.
All illustrations and specifications contained in this brochure are based on the latest product information available at the time of publication. Actual product offerings may vary from those shown or may be subject to availability delays or discontinuance. Mercedes-Benz reserves the right to make changes at any time, without notice, in colours, materials, equipment, specifications and models. Any variations in colours shown are due to reproduction variations of the printing process. Some vehicles may be shown with non-Canadian equipment. Vehicles are shown with optional equipment available at extra cost. Stated rates of acceleration mentioned for each model are based on manufacturer's track results and may vary depending upon model, environmental and road surface conditions, driving style, elevation and vehicle load. The approximate top speed highlighted is electronically limited. Fuel economy estimates are based on Transport Canada testing methods. The actual fuel consumption of the vehicles herein may vary. Refer to the Fuel Consumption Guide. Dimensions shown are for models with standard equipment.

Mercedes-Benz
The best or nothing.

Our commitment.

At Mercedes-Benz Canada, we strive to provide unmatched quality and service to our clients on every level. Corporate Sales is no exception – we add value at every turn. Starting with the vehicles themselves. Always a leader in automotive innovation, we offer comprehensive safety engineering and fuel efficiency across a large range of vehicles, each and every one a source of pride to the professional who drives it.

Mercedes-Benz Corporate Sales Programs.

We give our best for your fleet.

Competitive pricing, proper guidance and incomparable service – just a few reasons to discover Mercedes-Benz Corporate Sales Programs. With a wide range of models, we'll work to find what's right for you and your budget while ensuring a smooth purchasing process.

Let us help you take advantage of the following:

- Higher-than-average residual values.
- Standard and optional features other manufacturers may not offer.
- Comprehensive safety engineering.
- Strong relationships with all major fleet management companies.
- Exceptional and responsive customer service.
- More than 50 authorized Mercedes-Benz dealers across Canada.

Corporate Programs as tailored as our vehicles.

We have four unique Corporate Sales Programs designed to fit your corporate needs:

Corporate Fleet Program

Our *Corporate Fleet Program* is designed for corporately-purchased and managed vehicles provided to an employee to conduct business or as an executive-level perk for a company's top performers. Vehicles purchased under this program are registered in the name of the business enterprise.

Preferred Suppliers Program

Our *Preferred Suppliers Program* is designed to reward employees working for Mercedes-Benz vendors. This program recognizes employees who help maintain a strong business partnership with Mercedes-Benz by offering a special incentive on most Mercedes-Benz vehicles.

Executive Car Allowance Program

Our *Executive Car Allowance Program* is designed for professionals who receive a fixed monthly car allowance. This program recognizes individuals who are given the discretion to choose their business vehicle.

Professional Associations Program

Our *Professional Associations Program* rewards specific association members with extra incentives on our remarkable vehicles. These association incentives are applied in addition to existing special offers, making them truly exceptional incentives to association members.

Visit [mercedes-benz.ca/corporatesales](https://www.mercedes-benz.ca/corporatesales) for additional details.

*Conditions apply, please visit your nearest Mercedes-Benz dealership for full qualification guidelines.

Driven by value.

The choice is clear. From financial incentives to morale-boosting value, take a look at why our Corporate Sales Program delivers the value that drives fleet selection decisions.

Financial Value

Strong fleet incentives, a diverse product range, competitive pricing, and high residual value for each vehicle class to satisfy executive needs.

Safety and Technology Value

Technology and safety features, both standard and optional, are unlike any other fleet program.

Morale-boosting Value

Employees will feel valued and recognized by their company's efforts to put them behind the wheel of a Mercedes-Benz – the ultimate reward and incentive tool to create lasting retention and positive recruitment.

Sales and Service Value

Mercedes-Benz dealers are ready to assist major fleet management companies to ensure a seamless order-to-delivery experience for their employees and company executives. A 4-year, 80,000 km limited warranty and 24-hour Roadside Assistance also ensure lasting quality and reliability.

There's more than one way to 4MATIC.

When it comes to all-wheel drive, one size doesn't fit all. Whether variable or permanent, our 4MATIC variants manage power efficiently while helping you tackle challenging conditions.

4MATIC variable all-wheel drive:

Available on the B-Class, CLA and GLA.

This new generation all-wheel drive system manages power in a fully variable way to the front or rear axle based on road conditions. When conditions are good, the vehicle operates in front-wheel drive only. When conditions get challenging, power is rapidly channelled to the rear axle and when that power isn't needed anymore, the rear drive is quickly deactivated to maximize fuel efficiency.

4MATIC permanent all-wheel drive:

Available on the C-Class, E-Class, S-Class, CLS, GLC, GLC Coupe, GLE, GLE Coupe, and GLS.

This compact and lightweight permanent all-wheel drive system is one of the best performing systems available. Unique and always on, depending on the model it splits power 45:55 or 50:50 between the front and rear axles respectively. When the system detects that wheels are slipping, power is immediately shifted to the axle that's spinning more slowly. This improves traction and vehicle stability.

AMG Performance 4MATIC variable all-wheel drive:

Available on the CLA 45 and GLA 45

This performance all-wheel drive system was created to ensure an ideal combination of agility, efficiency and traction. Power is managed in a fully variable way to the front or rear axle based on road conditions. When conditions are good, the vehicle operates in front-wheel drive only. When conditions get challenging, power is rapidly channeled to the rear axle and when that power isn't needed anymore, the rear drive is quickly deactivated to maximize fuel efficiency.

AMG Performance 4MATIC+ variable all-wheel drive:

Available on the E 63 S Sedan, E 63 S Wagon and S 63 Sedan.

This performance-oriented all-wheel drive with fully variable torque distribution combines optimum traction, hallmark AMG driving dynamics and the ultimate in driving enjoyment. The ideal torque distribution is calculated continuously, according to the given driving situation and the driver's wishes, enabling a seamless transition from traction-oriented all-wheel drive to 100% rear-wheel drive.

AMG Performance 4MATIC permanent all-wheel drive:

Available on the C 43 Sedan, C 43 Coupe, C 43 Cabriolet, E 43 Sedan, GLC 43 SUV, GLC 43 Coupe, GLE 43 SUV, GLE 43 Coupe, GLE 63 S SUV, GLE 63 S Coupe and GLS 63 SUV.

This performance all-wheel drive system was created to preserve the premium dynamics and pure exhilaration of driving an AMG vehicle. Power is split 31:69 or 40:60 between the front and rear axles respectively to improve acceleration from a standing start. When conditions demand, the system ensures safety by getting all four tires to reach their maximum traction potential.

Mercedes-Benz handling.

Best-in-class performance.

Mercedes-Benz offers industry-leading agility and handling performance innovations that raise the bar in luxury automotive capability. Superior performance and exquisite comfort are ensured with the following Mercedes-Benz handling innovations:

Electronic Stability Program (ESP®)¹

To help eliminate plowing or fishtailing in a turn, ESP® responds to help keep you on course. Sensors monitor your braking and steering input and upon detecting deviation from your intended path, ESP® corrects for oversteer and understeer by applying individual brakes and/or reducing excess engine power.

Active Body Control (ABC)¹

The most advanced active suspension on the market, ABC allows you a driving experience you simply cannot find elsewhere. ABC uses a system of sensors and electronically controlled high-pressure hydraulics to instantly counteract the forces of vibration, pitch, dive, squat and roll. Self-levelling ABC even lets you raise the ride height for added clearance on rutted roads or in deep snow.

Multilink suspensions and adaptive damping¹

For legendary control, nearly every Mercedes-Benz enjoys 4-wheel multilink suspension featuring anti-dive geometry for exceptional poise, even under severe braking. The rear multilink design – a Mercedes-Benz innovation – controls rear-wheel movement with outstanding precision. Part of our AIRMATIC air suspension, the Adaptive Damping System lets you tailor your driving experience with selectable suspension modes and continually optimizes ride and handling by individually adjusting each wheel's shock absorber every time the wheel changes its direction of up/down travel.

¹No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seatbelt.

Safety should never be left to chance.

Manage your risk by minimizing it.

ATTENTION ASSIST

Long journeys without rest stops carry a high risk of fatigue. Drivers are often unaware of this, which is why Mercedes-Benz has developed ATTENTION ASSIST. ATTENTION ASSIST employs sensors to analyze driver behaviour and recognizes changes in driving style due to fatigue. The drive is then reminded to take a break.

Active Blind Spot Assist

Danger can come from any direction. The Active Blind Spot Assist from Mercedes-Benz goes beyond your side mirrors. The system helps the driver to monitor areas that are difficult to see. It gives a warning if danger is detected and can help to avoid accidents through selective braking.

Active Lane Keeping Assist

In the event that your vehicle drifts between two lanes, Active Lane Keeping Assist helps by warning the driver – or indeed, by intervening autonomously with ESP – as soon as it detects that the vehicle is leaving its lane.

PRE-SAFE Impulse Side

If an imminent side collision is detected, the PRE-SAFE® Impulse Side function moves the occupant in the danger zone away from the door and towards the centre of the vehicle just before impact.

PRE-SAFE Sound

If an impending collision is detected, the vehicle's sound system plays a short interference signal. This causes the stapedius muscle in the ears to contract, which for a split second changes the link between the eardrum and the inner ear and so better protects it against high acoustic pressures. Most importantly, the reflex reduces the risk of hearing discomfort or damage.

B-Class

Sleek yet space-efficient, the B-Class Sports Tourer proves that small can be stylish and sporty. Its clever design wraps generous room for five and flexible cargo capacity in an aerodynamic, and highly dynamic, body.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/b-class/sedan>

CLA 4-door Coupe

With a show-car shape and seductive details, the CLA's style is irresistible. Its profile is sleek like a coupe, yet it offers room for five and the innovation that defines a Mercedes-Benz. From its diamond-block grille to its LED tail lamps, there may be no car on the road offering such eye-catching style at such an eye-opening price.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/cla/coupe>

C-Class Sedan

Sporty, spacious and sleek, the C-Class proves there's nothing as elegant as a true athlete. Muscular lines trace a body that's lean, confident and capable. A seamless flow of passion and precision describe its looks, and define its every move.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/c-class/sedan>

C-Class Coupe

Seductive lines slice the wind and the clutter of ordinary cars. Sculpted muscle and a confident stance put emotion into motion. Athletic yet elegant, clean yet impeccably detailed, it's pure Mercedes-Benz. And like nothing you've ever seen.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/c-class/coupe>

C-Class Cabriolet

The C-Class Cabriolet opens a world of driving enjoyment and sporty elegance. Its convertible top is woven not just from rich fabric but a legacy of innovation, athleticism and craftsmanship that never goes out of style, or out of season.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/c-class/cabriolet>

C-Class Wagon

It takes to roads eagerly, like an athletic sport sedan. It takes on loads easily, as a spacious and versatile wagon. And because it's a C-Class, it takes you anywhere in luxury and style, while taking life's spontaneous moments in stride.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/c-class/wagon>

E-Class Sedan

This isn't just the most advanced E-Class yet. With technologies no car before has ever offered, the E-Class has written a new chapter in the story of driving: Where cars can respond to your touch and look out for your well-being in ways you never imagined.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/e-class/sedan>

E-Class Coupe

To the E-Class Coupe, tradition doesn't mean looking back, it's all about looking ahead to the future and looking forward to every drive. Within its entirely new body you'll discover the agility of an athlete and the passion of an artist.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/e-class/coupe>

E-Class Cabriolet

From its longer wheelbase to its tailored top, the E-Class Cabriolet melds a rich tradition of open-air elegance with innovations in driving enjoyment. Whether an onlooker or one of its four occupants, there's more to enjoy than ever before.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/e-class/cabriolet>

E-Class Wagon

For generations, no other wagon has been so coveted for its innovation, luxury, safety and style. In many ways, it's always been a masterpiece of intelligence.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/e-class/wagon>

S-Class Sedan

Every mountain range has its pinnacle. Every sport, its champion. Every breakthrough, its inventor. In the history of the automobile, one car makes history time and again, not just by raising the standard, but advancing it in ways you never imagined possible.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/s-class/sedan>

S-Class Coupe

When a car is produced in limited numbers, virtually every other limitation disappears. Throughout their history, the flagship Mercedes-Benz coupes have been unburdened by convention – setting each generation free to explore new worlds of capability, comfort and confidence.

GLA SUV

With the character of a Mercedes-Benz SUV, a sporting soul and a compact footprint, the GLA is agile, adventurous and adaptable. It's at home in the city, eager when you're far from home, and a perfect fit for today, and tomorrow.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/gla/suv>

GLC SUV

The muscular body of the GLC is wind-tunnel-honed and track-toned. A long wheelbase, big wheels and wide track add up to space, stability and sportiness. Crisp proportions and chrome details attract admiring eyes just as the vehicle is drawn to the road.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/glc/suv>

GLC Coupe

Traction meets attraction in a fusion of SUV capability, coupe agility, and Mercedes-Benz style. With four doors and a power liftgate, it's easy to get into. With turbo power driving all four 19-inch wheels, you'll never want to get out.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/glc/coupe>

GLE SUV

The premium SUV that invented its class 20 years ago still leads the way in every arena of driving, and from every angle of its design. From its iconic Star to its sleek LED tail lamps, the GLE keeps the future looking brighter.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/gle/suv>

GLE Coupe

The Mercedes-AMG GLE Coupe is a fusion of racing-bred tenacity and finely tailored luxury. Beneath its arching rooflines and muscular shoulders you'll experience a mix of verve and versatility not found in ordinary SUVs and not possible in traditional coupes.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/gle/coupe/type-amg>

GLS SUV

The GLS is engineered and equipped to set the bar for 7-passenger luxury SUVs. Its legacy of leadership includes benchmarks like the S-Class sedan and iconic G-Class. And it's eager to lead your family anywhere in bold and brilliant style, from its LED lighting, to wheels from 20 to 22 inches, to a body that's at once muscular and aerodynamic.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/gls/suv>

G-Class SUV

Created to conquer challenges on six continents, the 39-year evolution of the G-Class keeps elevating the pinnacle of refinement. From its advanced lighting to its classic upright shape, its purposeful elegance is both unmistakable and irrefutable. Every surface of the G-Class reflects its confident capability on any surface of the earth.

<http://www.mercedes-benz.ca/en/vehicles/class/g-class/suv>

A red Mercedes-Benz SLC Roadster is shown from a front-three-quarter perspective, driving on a bridge. The car's top is down, and it features a chrome diamond-block grille and "twin torch" LED tail lamps. The background shows a clear blue sky and some greenery.

SLC Roadster

From its chrome diamond-block grille to its "twin torch" LED tail lamps, the SLC wraps its long-hood and short-deck balance in brilliance. Designed to slice through the wind and through corners, its sleek muscle and wide stance reveal its pure sports-car soul. And its power hardtop is among the industry's most elegant.

Learn more

<http://www.mercedes-benz.ca/en/vehicles/class/slc/roadster>

A silver Mercedes-Benz SL Roadster is shown from a front-three-quarter perspective, driving on a bridge. The car's top is down, and it features a chrome diamond-block grille and "twin torch" LED tail lamps. The background shows a clear blue sky and some greenery.

SL Roadster

For generations, few cars have inspired desire like the SL. Now, it's as inspiring as ever. Flowing LED headlamps sweep back from a shapely grille. Sculpted AMG body styling wraps around 19-inch or 20-inch wheels. And with its retractable hardtop, it's perfectly proportioned as a sleek coupe and as a classic open roadster.

Our line of work. Built to help yours.

With over 120 years of innovation and hard work behind us, we've built a solid reputation of quality, reliability and dependability. Every one of our vans, from the Sprinter to the Metris, is skillfully constructed from the ground up. But we build more than just a work vehicle – a Mercedes-Benz van is designed to provide you with a best-in-class ownership experience. It stands for everything we have done, and everything we will do for you and your business. Giving you the peace of mind that no matter where your business is headed, there's a van ready to move forward with you.

The right fit for any job.

Narrow streets. Low garages. Tight parking. Nothing stops the Metris from driving your business forward. Available in two body lengths, the Metris comes with an incredibly fuel-efficient powertrain ample cargo space and hefty towing capability, so you'll be hauling more of what you need. As Canada's only mid-size work van, it's the perfect fit for your business.

Available in Cargo and Passenger van models, see them both at [Mercedes-Benz-Vans.ca](https://www.mercedes-benz-vans.ca)

For full specifications and details on all Mercedes-Benz Vans models, including the Sprinter Cab Chassis, visit [Mercedes-Benz-Vans.ca](https://www.mercedes-benz-vans.ca)

The new smart fortwo electric drive.

The new smart fortwo electric drive models are the perfect vehicles for making your mark on the city while leaving zero local emissions behind. A truly revolutionary idea, the smart fortwo electric drive is the epitome of safety, environmental responsibility and most of all, fun. Whether humming through the city with purpose, or simply going out to explore, these vehicles will charge up any and every journey.

smart fortwo electric drive coupe

Tour the city in a vehicle made for urban exploration and environmental responsibility. With instant torque, the tightest turning radius and zero local emissions produced, you'll manoeuvre through the metropolis with joy, ease and eco-friendly excitement.

With Prepaid Maintenance, you always know where your budget is headed.

Keep your business in working order.

Plan with confidence knowing that your scheduled maintenance is taken care of right from the start. Choose a maintenance plan that's right for you, with options designed for low or high-mileage driving, whether you buy or lease.

Pre-paying at your authorized Mercedes-Benz dealership or smart Centre can offer savings of up to 30% compared to a pay-as-you-go approach.

Prepaid Maintenance is available for most Mercedes-Benz and smart fortwo models* at the time of purchase, or any time before the first scheduled maintenance service.

Features of Prepaid Maintenance include:

- Plans as low as \$15 per month for Mercedes-Benz models and \$12 per month for smart fortwo models on lease plans**
- Savings of up to 30% compared to pay-as-you-go
- Savings of an additional 20% on lease plans***
- Lump sum or monthly payment options†
- Fully-transferable from person to person‡

Prepaid Maintenance provides you with further peace of mind. Your vehicle's factory scheduled maintenance will be followed, its warranty maintained, and all work will be performed by highly-skilled technicians using the latest diagnostic tools and only genuine parts at an authorized Mercedes-Benz Canada dealership#.

Please refer to the full Prepaid Maintenance product brochures or contact your dealer for details.

* Prepaid Maintenance is available for 2014 and newer models, and is not currently available on G550 & SLS models.** \$15 Based on 45M/3 Services B, CLA and GLA and \$12 per month is for 45M/3 Services smart fortwo electric drive.*** When Prepaid Maintenance is purchased as part of the lease contract, with matching terms; applies only to vehicles that are returned at end of lease term. Not applicable to Sprinter models.† Monthly payment options only available at the time of vehicle purchase (lease or finance deals). ‡ Certain terms and conditions apply. #Prepaid Maintenance coverage is available for work performed at an authorized Mercedes-Benz Canada dealership only.

As inspiring as our cars.

Mercedes-Benz Genuine Accessories and Collection.

Our accessories are not only made to fit your vehicle, they are integral components designed and tested during its very inception. Genuine vehicle accessories are built to impeccable quality and are backed by an additional 2-year/unlimited kilometre warranty. Much like our Mercedes-Benz vehicles, the Collection products stand for uncompromising design and development standards using materials of the very highest quality. The essence of the Mercedes-Benz brand and the devotion to perfect design are apparent in every detail.

Our exclusive watches, writing instruments, leather goods, accessories or fashion and sports articles reflect the same passion as the cars bearing the Mercedes-Benz star. That is precisely why they also bear the star.
